MONTANA STATE UNIVERSITY

education

1 undergrad	**2** undergrad	**3** undergrad	**4** undergrad	**5** grad
intro to design / precalculus / physics / MSU core	building const. / arch. structures / arch. graphics / world architecture / MSU core	environ. controls / arch. graphics / building const. / MSU core	pro. practice / MSU electives / foreign study / community design / internship	competition / theory / graphics / photography / materials
design fundamentals	**arch. design I**	**arch. design II & III**	**arch. design IV**	**advanced studios**

Montana State University's School of Architecture provides a rigorous and fast paced 5 year Master of Architecture program. With flexible scheduling opportunities, the program accommodates varying graduation paths for students particular needs, paces, and ambitions.

internship

pre-design	**design**	**project management**	**practice management**	**electives**
260	2600	720	160	1860

5600 hours

The intern development program through NCARB is part of the architect licensure process. 5600 hours of professional experience are required in 5 distinct categories. Graduates of MSU's School of Architecture are well prepared to enter the professional envoronment.

examination

programming planning practice	site planning design	bldg. design construction systems	schematic design	structural systems	building systems	construction documentation services

The School of Architecture's curriculum provides students an in-depth knowledge of the entire architectural process, from design to construction. Our students are well equipped to tackle the broad subject matter of the ARE exams and score well above the national average.

become an architect.
