

15th Annual Celebration of Architecture

October 24, 2019

You are cordially invited to the Celebration of Architecture 2019! Sponsored by the School of Architecture, and the Advisory Council. Thank you for your past support!

Where: GranTree Inn
1325 North 7th Avenue
Bozeman, Montana

When: Thursday, October 24, 2019
5:30PM – 10:00PM

Reason: The Celebration is a multi-purpose event to *CELEBRATE* the architecture profession and architecture education, *RAISE MONEY* for the MSU Chapter of American Institute of Architecture Students, *ENRICH* the relationship between the profession and education, *RECRUIT* students for internships and permanent positions. In 2019 the School of Architecture will celebrate the Tiny Houses that the School of Architecture has been working towards.

Sponsorships: A Six-top Table Sponsorship is \$400.00. An Eight-top Table Sponsorship is \$500.00. A single plate dinner is \$65.00. When your firm sponsors a table, you are seated with 4th & 5th year students presenting a recruitment opportunity. The School of Architecture can schedule interview times for your firm prior to and after the Celebration of Architecture. We expect 125 attendees---firms, Advisory Council, students, faculty & friends. The dinner will be catered by the Ted's Montana Grille.

You can also contribute to the event by gifting an auction item! During past events of the Celebration of Architecture, items included original oil paintings, prints, pottery, mixed media, gift baskets, sketches, photos, etc. A wide variety of unique items that make our auctions so interesting! The success of this event will not be possible without you. Our participants make this event very special for the school and its students.

Please RSVP: By contacting Anne Barnaby at (406) 994- 4255, or anne.barnaby@montana.edu

Thank You: For your support of the School of Architecture at Montana State University! Your participation will show that we, as a community, support creative arts education and specifically architectural education and architecture as a profession.

Warmly,

Ralph Johnson
Director
MSU School of Architecture
